Identity Card Number: Can be provided upon request

PERSONAL STATEMENT

I have excellent organizational and communication skills which I have developed and use to provide excellent customer service in a company environment. With the experience I have gained from working in a company environment, I can perform and excel both working individually or as part of the team.

SKILLS

- Communication -- When working in a class, communication is the key to the satisfaction of my classmates, so I have to listen carefully to the requests of my students so that I can provide the best service.
- Teamwork - As a member of the college football team, I am an effective team player both at work and in my personal life. With this experience, I have a better understanding of how to perform in a team not only to better myself, but also to influence the team to work more efficiently.

Computer Skills - Although I have a keen interest in computers, I quickly learned how to understand and operate the different computer systems required for different jobs. This makes me more versatile in whatever work I'm required to do.

Strong adaptability - Working in the class committee, I have been able to adapt to different rhythms of work. This has taught me to prioritize different tasks so that the team can provide the best possible service to the customer while achieving the overall goal.
